Washington Beer Commission Launches YouTube Channel [WashingtonBeerTV](#) features 22 behind the scenes videos

Seattle, WA - The Washington Beer Commission is proud to announce that it has just launched its own YouTube channel, [WashingtonBeerTV](#), in an effort to give craft beer fans a look behind the scenes at some of the great breweries of Washington state and some insight into other aspects of this fast growing industry. Not only can you meet your local brewer and get a peek at some unique brewing systems, but you'll also find a video highlighting the Washington Beer Commission's tasting festival scene, a look at the old Rainier Brewery tanks, and even a video on how to make beer, featuring Roger Bialous from Georgetown Brewing!

This is just the beginning of the promotional campaign by the Washington Beer Commission's marketing committee which is charged with taking the proceeds from the production of the Washington Beer Commission's tasting festivals and meeting the mission to promote Washington beer, benefit the state's breweries, and increase awareness and demand.

The professional videos were produced by Len Davis of Pangeality Productions. Len is passionate about Washington Beer and is looking forward to adding to this video library in the coming months. Special thanks to the band "McTuff" for the fun background music.

For complete information about Washington Beer, the 2012 calendar of commission tasting festivals, and profiles of Washington breweries , please visit us at:
