Watts Brewing -Bothell-Table #22

The Leafcutter (Kölsch), 5.1% ABV

A bright, crisp beer inspired by the ales of Köln, Germany. We took the precision of this classic German style and adapted it to the American palate with PNW-grown hops, producing a beer of surprising depth and nuance for such a refreshing style.

Xylocopa (Stout), 6.2% ABV

An intense, pitch-black stout with bold flavors of coffee and dark cocoa from the roasted malts. This beer takes its name from the jet-black carpenter bees, genus Xylocopa.

Stingo (Wood-aged Strong Ale), 8.0% ABV

This English-style strong ale is already a complex mélange of rich malt character, but extended aging on Spanish cedar and cypress takes it to the next level. Our tasting notes include molasses, leather, toast, aromatic cedar, and yellow cake.
