## WASHINGTON BREWERS GUILD

### OUR MISSION

To build a community of Washington state brewers, advance their common interests, and promote the quality and value of their beers.

We currently have over fifty active members in our organization, representing craft breweries from all corners of the state.

The Guild was incorporated in 1999 and since then has been promoting its members beers at various festivals throughout the year, including the annual Father's Day Festival, the Washington Cask Beer Festival held in October, and the Winter Beer Fest in December. More information at: [www.washingtonbeer.com](http://www.washingtonbeer.com).

### OUR STATE

Brewers in Washington enjoy close proximity to some of the largest malt and hop growing regions in the country. This ready supply of raw materials, along with excellent sources of pure water from the state's pristine mountain ranges, ensure that beers brewed in Washington contain only the freshest local ingredients.

### OUR BEER

Washington brewers have a long tradition of winning awards at national and international beer competitions. Since Bert Grant's first gold medal back in 1983, artisan brewers from the state have garnered **over 200 medals**.
